# HITLER MESSAGE TO WORLD SUNDAY

## BRITISH EXTEND FRIENDLY HAND; FASCIST ITALY

Plan Will Involve  
Concessions on  
Both Sides  
BIG PROBLEMS

**BULLETIN**  
London, Feb. 19.—(AP)—The British cabinet recessed temporarily tonight after a three-hour and twenty-minute session which was understood to have failed to solve the critical break between Prime Minister Neville Chamberlain and Foreign Secretary Anthony Eden over a "deal" with Italy.

**By RADER WINGET**  
London, Feb. 19.—(AP)—Britain took a step toward friendship with Fascist Italy today, apparently leaving France alone to take the lead in any effort to check expansion of German influence in Austria.

The British cabinet struggled in urgent session with what was reported widely to be a crisis between Prime Minister Neville Chamberlain and Foreign Secretary Anthony Eden, over Chamberlain's new friendship gestures to Italy.

Some diplomatic quarters were informed the foreign secretary had threatened flatly to bolt the government if the prime minister sacrificed Eden's League of Nations ideals for a quick bargain with Italy's Premier Benito Mussolini.

One of Britain's outstanding labor leaders, Earl of Doncaster, resigned from the cabinet in defiance of any "humiliating deal" between Chamberlain and Mussolini.

Herbert Morrison, former cabinet minister and secretary of the London labor party, declared Eden was a "prisoner of his reactionary colleagues."

Morrison, in his speech to the London labor party in connection with a "peace and security" campaign, accused Chamberlain of "bias" in favor of dictators.

Some observers believed Eden, deeply suspicious of Mussolini's motives in blessing Reichsfuehrer Adolf Hitler's sudden agreement with Austria, was standing out firmly against negotiating with Il Duce now without full guarantees.

**Voices Suspicion**  
Other quarters suspected Chamberlain of having determined to reach an agreement with Mussolini even at the cost of great concessions.

Morrison voiced this suspicion: "If the prime minister is trying to do a humiliating deal with Signor Mussolini on the basis of..."

**Model Home "Open House" Postponed**  
Because of inclement weather, open house which was to be held today and tomorrow at the new FHA model home at 501 South Small avenue, West Kankakee, has been postponed.

The residence, one of a group of 10 built in recent months by the ABC construction company, will be opened for public inspection some time next week, it was said.

In Ohio Graft Probe

Lee Bradley (above) an asphalt salesman, charged at Ohio senate graft investigation, that Gov. Martin L. Davey had accepted \$25,000 campaign fund contribution from General Motors Corp. in return for half of state's automobile business. Gov. Davey said he would file perjury charges against Bradley.

## Name Committees for Police Ball

Committees for the 24th annual police benefit ball which will be held next Thursday evening in the Del Rio ballroom were announced today by Daniel Bergan, general chairman.

Chief of Police L. B. Rogers will act as floor manager; Elmer Nelson and Orval Finch will operate the concession counter; Thomas Cantlin, Don Bleau, Edmund Klafka and Oscar Niemeyer, will be in charge of refreshments; Bert Insley, check-room; Michael Quigley, ticket window; and Gilbert Bowden and Henry Peters, gate.

## Slayer of Steger Woman Faces Prison

Joliet, Ill., Feb. 19.—(UP)—Angelo Audi, 46, found guilty of murdering his former sweetheart, Mrs. Minnie Bianconi, 30, today faced a term of 20 years in the penitentiary. His mother accepted the news of Audi's conviction stoically. She and the children, ranging in age from 6 to 17 years old, are on relief. Audi disappeared nearly a year ago. He was convicted of fatally slaying Minnie Bianconi, 31, at Steger, Ill., last July.

Amsterdam, N. Y., Feb. 19.—(AP)—The nine children of Angelo Audi, 46, under sentence of 20 years in prison at Joliet, Ill., for murdering a woman, tried to keep back their tears today when told they might never see their father again.

Their mother accepted the news of Audi's conviction stoically. She and the children, ranging in age from 6 to 17 years old, are on relief. Audi disappeared nearly a year ago. He was convicted of fatally slaying Minnie Bianconi, 31, at Steger, Ill., last July.

**Mysterious New Aerial Bomb Test is Suggested By Vinson**  
Washington, Feb. 19.—(AP)—Chairman Vinson (D-Ga.) of the house naval committee today suggested using part of a \$15,000,000 experimental fund to test a mysterious new "aerial bomb" which the inventor said would revolutionize this country's defenses.

Vinson referred to a device which Lester P. Barlow, Stamford, Conn., inventor, said yesterday would force drastic alteration of the proposed \$10,000,000 naval expansion program.

Barlow said the new bombs, dropped from tremendous heights, could "blanket" an area 10 miles square in three or four minutes and cripple even battleships by destroying the auxiliary ships which support and augment the large war vessels.

Barlow told the committee he would not be satisfied with Vinson's proposal because he "would not even dare put my ideas in the patent office."

**Fears Rights Unprotected**  
He indicated he feared his rights to the invention would not be protected.

## DAIRY COUNCIL WILL PROMOTE SAFETY CLUB

Offer 18 Prizes In  
Cash at End of  
Each Year

TO SAVE LIVES

To instruct and encourage children to observe safety first measures and help prevent accidents, the Kankakee County Dairy council today announced plans for formation of a safety club with prizes to be awarded at the end of the year for the most heroic and outstanding deeds of its members.

Any boy or girl in the county may be eligible to join the club by removing the collar which will appear around every bottle of milk distributed in the county Monday morning and taking it to their own dealer. In return, they will be given a safety first pledge card and a free ticket to the Paramount theater at 9:30 o'clock Saturday morning, Feb. 26.

At the theater that morning, the boys and girls will see a full show, receive membership buttons, further instructions about their club and learn how to win one of 18 cash awards which will be made by the dairy council at the end of the year.

**First Prize \$20**  
For saving a life, preventing injury to someone, or doing some other outstanding deed, members will be eligible for a first prize, \$10 second prize, \$5 third prize, or 15 other \$1 prizes. They will report their deeds to police officers during the year.

This plan to educate the youth of the county is in effect as the support of Chief of Police L. B. Rogers who believes that great good may be accomplished by getting boys and girls interested in accident prevention. They, in turn, will bring it to attention of parents in the most desirable manner.

That most all accidents can be prevented by exercising care and consideration for the rights of others is a well known fact among officers of the law. The dairy council, composed of representative dealers and producers from all parts of the county, realized the need for a planned campaign for the security and well being of the children and empowered a committee to draw up such plans.

## Amicable Suit to Settle an Estate

An amicable suit to settle disposition of the estate of C. C. Little, former farmer near Grant Park, was begun yesterday before County Judge John H. Beckers, but was not finished, being continued until March 5.

The suit arose out of the final report of Ethan Allen Johnson of Chicago, nephew of Little, and Miss Mary Little, sister of Little, who are executors of his will. Their report showed the assets of the estate and asked instructions from the court for disposition.

C. C. Little and his sister Mary owned jointly a 160-acre farm near Grant Park which for years was their home and which was operated by Mr. Little. At the time of Mr. Little's death there was in his possession about \$1,800 in cash, \$2,100 invested in a note and \$3,500 in bonds, all of this apparently having come from earnings of the farm.

The question arose, and is to be settled by the court, how much of this is the property of the sister and how much belongs to the C. C. Little estate.

Miss Little, who is nominally a claimant against the estate of her brother, is represented by Attorney Donald Gray while five of Mr. Little's nieces and nephews, who are his heirs, are represented by Attorney Harry Streeter.

## Son and Daughter Get St. John Estate

The will of William H. St. John, former alderman who was killed this week in a train accident, was filed for probate today by Attorney Noel Diamond.

Drawn last Oct. 20, the will divides his estate between a son Mir of Charleston, W. Va., and a daughter Mrs. Lillian Holm of Mahan, Minn.

## Young Film Star Gets Permission to Slash Payroll

Hollywood, Feb. 19.—(UP)—Freddie Bartholomew, the 13-year-old boy who earns \$98,000 a year and gets only \$1 a week to spend, had a court's permission today to cut his parents' name off his personal payroll for a year so that an effort may be made to balance his budget.

Lawyers for the boy and his guardian aunt, Miss Millicent Bartholomew, informed Judge Clement D. Nye that Freddie was \$396,800 in debt and had only \$18,000 in the bank. The reason, the lawyer said, was that the little actor had too many dependents.

Lawyers for the parents, Mr. and Mrs. Cecil Bartholomew of London, England, were there to protest, but Judge Nye agreed that something must be done about the boy's finances.

For the past two years, since the aunt won a legal battle with the parents for custody of Freddie whom she had reared, 20 per cent of the boy's movie salary has been sent to London as a contribution to the family. Part of the money went to the parents, and part to Freddie's sisters who are in a European convent at his expense.

The boy's petition to the court explained that he owed \$15,000 to his lawyer; \$5,000 to his agent; \$67,000 to the federal and state income tax collectors, and various other sums amounting to a total of \$96,800. That amount was \$79,800 more than he had in the bank and he was in fact, insolvent.

## MANY HOMELESS IN SOUTHWEST; FLOOD THREATS

**Havoc, Left by Tornado and Blizzard, Beset 6 States**  
Little Rock, Ark., Feb. 19.—(AP)—Three rivers and their numerous tributaries roared an ominous flood threat to Arkansas today while other sections of the south recovered from effects of storms which claimed at least 27 lives.

Hundreds of persons fled their lowland homes as the Ouachita, Arkansas and White rivers, swollen by a week's downpour, spilled their excess burden over thousands of acres of farm lands. Army engineers said the predicted crests probably would bring greater flood problems than in 1935.

Relief workers at Rodessa, La., commenced rehabilitation work in the little oil field community where a tornado ripped through the residential section Thursday night, leaving 25 persons dead, 41 injured and four missing.

**Vast Property Damage**  
Inhabitants of the area returned to their collapsed homes to recover what they could, and discussed plans for rebuilding.

Searchers who dug into the storm-made bog last night found no additional victims and expressed belief the death toll would run no higher.

Property damage was estimated as high as \$500,000, including the destruction of seven oil derricks. Two drownings were reported in Missouri, where Vernon Gladley, 21, Bonne Terre, and a companion tentatively identified as Miss Claudell Cowen, 17, Flat River, were trapped in a creek when Gladley's automobile stalled.

## Three Directors of Federal Crop Insurance Corp.

Washington, Feb. 19.—(AP)—Secretary Wallace appointed today three directors of the Federal Crop Insurance corporation, an agency authorized by the new farm act to insure wheat growers against losses from drought, floods and other natural causes.

The directors were M. L. Wilson, undersecretary of agriculture; Jesse W. Tapp, assistant administrator of the agricultural adjustment administration; and R. M. Evans, assistant to the secretary of agriculture.

The corporation will have a capital stock of \$100,000,000, only \$20,000,000 of which will be available for the first year's operation.

The corporation will offer wheat growers policies that would insure them up to 75 per cent of their normal yields. Premiums will be paid in wheat and indemnities would likewise be paid in the grain. Insurance will be offered growers in 1939 wheat.

Edging Closer Together

Immediate and drastic steps to consolidate the Nazi victory in Austria were expected to follow the rush conference, pictured above in photo radiocast from Berlin, of Austria's new pro-Nazi Minister of the Interior, Dr. Arthur Seyss-Inquart, with Chancellor Adolf Hitler. Coincidental visits to police officials were considered significant of impending anti-Nazi drive.

## Koehler Has 30th Anniversary as a Druggist in City

Carnelius F. Koehler of 923 South Wildwood avenue, president and treasurer of the Koehler Drug company, is receiving congratulations on his 30th anniversary in business.

It was 30 years ago yesterday, on Feb. 18, 1908, that he purchased the south side store at 815 Main street from C. W. Behrend. In 1920 he bought out one of Carl Koehler's stores at 333 East Court street and two years later he incorporated the business, taking his brother Walter G. Koehler and Joseph L. Petranek into partnership.

Three years ago the upstown store was moved one door west to No. 380. C. F. Koehler is a native of Kankakee and a graduate of Northwestern university. His friends call him "Doc" by virtue of the degree of veterinary surgeon, which he holds.

## Issue Final Call in Salvation Army Drive for Funds

The drive for funds with which to maintain the work of the Salvation Army in Kankakee county for another year has been successful thus far in raising only a little more than half of the \$2,900.26 quota, it was reported today.

To date \$1,436.86 has been subscribed. "If the work of the Salvation Army is to continue," states Attorney Victory Lauridsen, chairman of the campaign, "at least another \$900 must be raised. We have not given up. The demands upon the army are greater than ever before and we are sure the people of this community will not fail us."

Mr. Lauridsen urged that all workers report not later than Wednesday, either turning in the cash collected or the prospect cards. Contributions have been received from the Veterans of Foreign Wars and the American Legion auxiliary, also the Northside Ladies' Aid society of the Presbyterian church and donations are expected from other organizations.

## Four Soviet Scientists are Rescued

Moscow, Feb. 19.—(AP)—Four Russian scientists who had been marooned for more than eight months on drifting Arctic ice were taken to safety today on the icebreakers Taimyr and Murman.

The four men and all the equipment which they had been using for meteorological observations looking toward establishment of a Russian airline across the north pole to the United States were loaded on the two rescue craft.

The four scientists, who had been planted near the North Pole by an aerial expedition May 21, were Ivan Papanin, 45, chief of the camp; Eugene Fedoroff, 28, astronomer; Peter Shirshoff, 31, marine biologist; and Ernest Krenkel, radio operator.

A terse radio message from the rescuers off the eastern coast of Greenland, more than 1,000 miles from where the camp was first located, said:

"Papanin, Fedoroff, Shirshoff and Krenkel, with all equipment, removed from ice floe by Taimyr and Murman, which are proceeding to Murmansk."

Thus they were rescued from the sea-going floe, a 100 by 160-foot fragment of their original, camping place, after a long and hazardous isolation.

The two icebreakers smashed through miles of pack ice, 10 feet thick, to reach the camp.

For days they had fought crunching ice in the effort to gain the position three miles from the camp. The men were living in a hut dug in the snow and ice when help reached them. Their first dwelling, when they set up camp, was a portable, fur-lined shack, which was ripped apart recently by an Arctic storm. The antenna mast of their wireless equipment was toppled over but the quartet set up the radio again to guide their rescuers to the little hut of snow.

While their unique odyssey over 1,000 miles of Arctic sea ended well for the four men, 13 lives were lost when the Soviet dirigible V-6 crashed February 6 in an experimental flight preparatory to an attempt to rescue them.

Their weather observations and soundings of the ocean in the Polar basin throughout last summer and the most of the winter will serve Soviet authorities in plans to span the pole with regular plane flights.

## May Ask Relief Fund Increased to 400 Millions

Washington, Feb. 19.—(AP)—Senator Bone (D-Wash.) said today he would ask the senate to increase the \$250,000,000 supplementary relief appropriation, possibly to \$400,000,000.

Bone said he was studying all available data on relief needs. He added:

"From what I know of the situation now, it appears that the \$250,000,000 appropriation will be entirely inadequate to take care of the unemployed until July 1."

The emergency appropriation would supplement what is left of the \$1,500,000,000 appropriated for this year, and keep about 2,000,000 persons on WPA rolls.

Senator Frasier (R-ND), said he would support a move to increase the total, but Senator Schwellenbach (D-Wash.) indicated he believed there was little chance of boosting the amount.

Administration leaders said they believed the amount asked by President Roosevelt would be appropriated. They recalled that the house had approving the requested amount Wednesday by a 352-23 vote, easily defeated a motion to raise it to \$400,000,000.

The senate appropriations committee reported the bill favorably late yesterday, after striking out a clause the house had inserted to forbid assistance to aliens temporarily in this country.

## All Auto Repair Shops Closed Here

The repair and service departments of all garages and auto body firms were closed in the city today by agreement of the dealers.

Details of the move were not made public.

## AUTO ACCIDENT

The automobiles of Lloyd Combs, 241 Fairmont avenue, Hobbie Heights and of Russel Vickers, 255 North Greenwood avenue, were involved in a minor accident at 6:30 o'clock last night at Fairmont avenue and highway 17, according to a report by Deputy Sheriff Clinton Craig.

## Snow Whips Across Several of Midwestern States Today

Yesterday's rain turned to sleet last night as the temperature dropped below the freezing mark and this morning a heavy fall of snow began as the mercury continued to fall.

Streets and highways which were slippery early this morning with sleet quickly became covered with snow and highway travel was reported precarious. The snow was expected to continue along with colder weather.

Because of the storm, the St. Victor-Macomb basketball game scheduled to be played tonight at the armory has been postponed.

## NO INDICATION OF INTENTIONS; MAY ASK PEACE

Chancellories and  
Parliaments of  
Europe Anxious

AUSTRIA AWAITS

By WADE WERNER  
Berlin, Feb. 19.—(AP)—Three weeks of wild rumors of momentous changes in central Europe reach their climax, perhaps with a sign of fulfillment, when Reichsfuehrer Hitler delivers his newest message to the world tomorrow.

The old, familiar question "What will he do next?" echoed in all the chancellories and parliaments of Europe. But until Hitler himself should say, there was no official indication of what might be his plans or to what degree he proposed to reveal them.

His closest collaborators predicted it would be a "message of peace." Hitler also talked of peace in that Reichstag speech of March, 1936, in which he announced remilitarization of the Rhineland—and thereby made the Locarno security pact a dead issue.

**Hopes and Fears**  
There were both hopes and fears that he might state more precisely tomorrow his intentions in Czechoslovakia, where live some 8,000,000 pro-Nazi Sudeten Germans, close to the border of Nazi Germany.

The propaganda ministry persuaded the official Czechoslovakian Broadcasting company to carry the Reichstag speech throughout the Czech republic.

Many in political circles felt certain Hitler would demand autonomy for Sudeten Deutsch (south Germans). The willingness to broadcast the speech was taken as an indication Czech Premier Hodza was willing to pay the price of autonomy to Germans in Czechoslovakia for peace with a powerful neighbor.

**By ALVIN J. STEINKOFF**  
Vienna, Feb. 19.—(AP)—The Austrian government announced today it had fulfilled all Chancellor Schuschnigg's pledges to Germany's Fuehrer Hitler by opening to Austrian Nazis membership in the Fatherland Front, the nation's only legal party.

## Tavern Burglars Fail to Collect

The Parkview Stables tavern at 864 West Station street was burglarized early this morning but when Deputy Sheriff Clinton Craig investigated this morning the proprietor was not sure anything had been stolen.

While a number of people were standing at the bar last night, a \$20 bill was left for a man who was to call for it and was placed behind the license at the back of the bar. It was thought this morning that someone had seen this action and returned after the place closed to get the bill.

When the tavern closed, however, the money had been hidden in another place.

Entrance to the establishment was by forcing open a side window.

## Heavy Snow during the past 24 hours in Kansas had stopped A low ceiling and restricted visibility caused temporary cancellation of all flights at Chicago municipal airport shortly after 7 a. m. Later the control tower reported little likelihood of maintaining today's schedules.

**Difficult Landing**  
Pilot J. S. Charles circled the field for 28 minutes before he was able to land his transport ship inbound from Miami, Fla., with seven passengers. He reported he flew north almost to Milwaukee, Wis., before that in an effort to get below the 300-foot ceiling.

Cold weather hit most of the midwest, with Aberdeen, S. D., reporting 26 below zero last night. It was 30 below in Chicago at 8 a. m. but Donnel predicted a low of 20 tonight and colder tomorrow.

He forecast more snow tonight in parts of Illinois, Indiana, Michigan, Wisconsin, Missouri, and snow tomorrow in the Dakotas and Nebraska.

Merchant Marine  
Revitalizing Up  
to Admiral Land

Washington, Feb. 19.—(AP)—Rear Admiral Henry S. Land, a Colorado-born author and aviator, took over today the task of revitalizing America's merchant marine.

President Roosevelt, who described the assignment as a "headache," and appointed Land to succeed Joseph P. Kennedy as chairman of the maritime commission. The president accepted yesterday the resignation of Kennedy, who will go to London as ambassador.

The new chairman, 59-year-old retired chief of the navy's bureau of construction, has been a member of the commission since last April. He has been helping to wrestle with maritime subsidies, labor trouble, hard construction bids and other difficulties encountered in the attempt to build up the nation's foreign trade.

To fill Kennedy's unexpected term on the commission, Mr. Roosevelt appointed Max O'Reilly, 51, of St. Louis, now commission counsel. Adios said was a temporary appointment, pending the selection of a representative of the west coast.

Land's 39 years in the navy included steady advancement in the construction corps to head of the bureau of period of duty in the bureau of aeronautics and another as an attaché to the embassy at London.

He was awarded the navy cross in the world war for distinguished service in connection with the design and construction of submarines and for work in the war zone.

that gentlemen's continuing his war upon the liberties of the Spanish people, then Mr. Eden, if he has not self-sought left, will rather cease to act as a smoke screen for those of his colleagues who are determined to subordinate British security and peace of the world to the interests of the British Empire.

It was understood that Prime Minister Chamberlain, after two weeks of talks with the Italian ambassador, Count Dino Grandi, had reached the point where he could present to the cabinet a concrete plan for renewing Italian friendship.

Invited Conclusions  
This plan involved concessions by Britain in the Spanish civil war, the Spanish civil war, and the Anglo-Italian radio propaganda war.

British has tried since the Spanish war was begun to get foreign fighters into Italy, Italy, and the number of Italians fighting for the Spanish insurgents, has been reduced to a minimum.

Italy, Britain has charged, has spread by radio propaganda harmful propaganda to the nations of the near East. To combat this, Britain recently began a campaign of radio broadcasts in other languages have been formulated.

Recognition of Italian sovereignty over Ethiopia also would be an outcome of the proposed new friendship.

western states today extending an area of death, misery and destruction from the prairies of western Kansas to the pine woods of northern Louisiana.

A thousand families were driven from their homes by the flood in southwestern Oklahoma and southern Oklahoma, where the perils were increasing hourly. They abandoned their homes in bitterly cold weather, to gather at camps in the cities and hills.

The Arkansas national guard was ordered to stand by to assist in the rescue of the thousands of homeless people who were being directed rescue work. Pilots were sent to scout for families marooned in boats.

Further south, the little town of Hottel, Mo., was littered with wreckage caused by Thursday night's tornado that killed 23 and injured 100.

Western Texas deluged with flood waters, roads were covered with ice. Western Kansas was snowed by a fall that measured 12 inches at Wichita, 9 inches at Wichita. There, however, the storm brought only compensation, raising hopes for a wheat crop that had appeared doomed to disaster.

Deaths and sufferings were widespread. On Scratch hill, near Alto, Mo., Mrs. John H. Brown, 62, and her two sick children were marooned by flood waters and one child, a 10-year-old girl, died.

They were rescued. In eastern Missouri, two persons were drowned when their boat was overturned. Another was killed in an accident on an icy road.

Sunday that he will expect Austria's independence, and that Germany will keep her share of the Schuschnigg-Hitler bargain for Austro-German cooperation.

"We have done our part, now it is Austria's," is the Austrian view. Austria's publicly-known part, now the naming of five cabinet ministers available to Nazi Germany, granted 61 amnesty for Austrian Nazis and other political prisoners, and finally opening to Nazis political representation.

Least Expected  
Officials indicated that the least expected of Hitler was a solemn declaration of respect for this nation's sovereignty, a promise of German aid to help suppress Nazi activities within Austria, and a guarantee of economic cooperation.

While officials were quick to indicate that Austria had fulfilled engagements undertaken in the Schuschnigg-Hitler bargain, they were slow to indicate that Austria had fulfilled engagements undertaken in the Schuschnigg-Hitler bargain.

western states today extending an area of death, misery and destruction from the prairies of western Kansas to the pine woods of northern Louisiana.

A thousand families were driven from their homes by the flood in southwestern Oklahoma and southern Oklahoma, where the perils were increasing hourly. They abandoned their homes in bitterly cold weather, to gather at camps in the cities and hills.

The Arkansas national guard was ordered to stand by to assist in the rescue of the thousands of homeless people who were being directed rescue work. Pilots were sent to scout for families marooned in boats.

Further south, the little town of Hottel, Mo., was littered with wreckage caused by Thursday night's tornado that killed 23 and injured 100.

Western Texas deluged with flood waters, roads were covered with ice. Western Kansas was snowed by a fall that measured 12 inches at Wichita, 9 inches at Wichita. There, however, the storm brought only compensation, raising hopes for a wheat crop that had appeared doomed to disaster.

Deaths and sufferings were widespread. On Scratch hill, near Alto, Mo., Mrs. John H. Brown, 62, and her two sick children were marooned by flood waters and one child, a 10-year-old girl, died.

They were rescued. In eastern Missouri, two persons were drowned when their boat was overturned. Another was killed in an accident on an icy road.

Officers Elected  
by Illini Classes

Champaign, Ill., Feb. 19.—(AP)—Edgar Barton, a candidate from Springfield, today took over the presidency of the University of Illinois senior class for the second semester.

In yesterday's class elections, Barton polled 429 votes to 253 for Lloyd Olson, Champaign, who was campaigned on the liberty party ticket.

William Sheehan, Chicago, won the sophomore election over Mark Olson, Champaign, 244 to 87. Eugene Lierman, Champaign, and Lowell Stout, Wilmette, were unopposed for the presidencies of the junior and freshman classes respectively.

Jack O'Byrne, Champaign, was named senior vice president and Paul Holthuis, St. Louis, sophomore vice president.

The poll was one of the smallest in recent years, with only 1,031 votes cast. This was 497 less than last year.

Millions of radio fans accustomed for three years to turn the dial to the "Hollywood Hotel" air show, will soon have a chance to see their favorite program depicted on the screen.

For an entire broadcast with Louella O. Parsons, famous columnist and movie commentator, as mistress of ceremonies, has been incorporated into the Warner Bros. musical comedy "Hollywood Hotel," which runs Thursday, Friday and Saturday at the Paramount theater.

Raymond Palke and his 40-piece orchestra, veterans of the air show, play Palke's variation of "Dark Eyes" together with the air show theme songs—"You Ought to Be in Pictures" and "Blue Moon." Other standbys of the air show—Frances Langford, Jerry Cooper and Announcer Ken Miles—likewise play their accustomed roles.

Biggest thrill for the fans, however, is likely to be the parade of stars. A sufficient number to grace a dozen movies, with plenty left over, are pictured dining in the Orchid Room and taking a bow when introduced by Miss Parsons.

Stars introduced in the broadcast scene by Miss Parsons include Marion Davies, Edward G. Robinson, Bette Davis, Leslie Howard, Olivia de Havilland, Errol Flynn, Joan Blondell, Brian Aherne, and a host more.

The picture, an inside story of Hollywood, stars Dick Powell with a supporting cast including Rosemary and Lola Lane, Ted Healy, Hugh Herbert, Glenda Farrell, and two famous orchestras—Palke's and Benny Goodman and his swing band. Busby Berkeley directed.

### Criminally-Insane Convicts Captured

Chester, Ill., Feb. 19.—(AP)—Nearly a week of freedom—and suffering—was over today for two criminally-insane convicts who escaped the southern Illinois security hospital last Saturday night.

Paul Harrison, hammer slayer of four persons, had both feet frozen and was described as "in bad shape and in danger of pneumonia" when taken. His companion, Peter Florek, suffered one frozen foot. They had eaten once since their escape.

Neither offered resistance when Night Marshal Guy E. Rigdon and James Hanson, Chester newspaperman, made the capture.

An iron pike-pole head, found near a burglarized grocery store, furnished the clue. The officer and the reported hunter until they found the handle of the pike-pole in an old warehouse nearby.

A few moments' search showed Harrison and Florek crouched in a large wooden box.

"I'm glad you found us," Harrison said.

Chicago, Feb. 19.—(UP)—Police guards were withdrawn today from the homes of four persons threatened with death by Paul Harrison, insane hammer slayer and fugitive from the Illinois security hospital at Menard, Ill.

Guards were established at the homes of Harrison's former wife, Margaret, two psychiatrists and a

A romantic drama of Park avenue and Greenwich Village with an exciting undercurrent is presented in RKO Radio's "Wise Girl" with Miriam Hopkins and Ray Milland.

in the top roles, opens with the owl show at the Luna tonight and continues Sunday and Monday.

The efforts of an elderly millionaire to gain the custody of his orphaned grandchildren is the motivating influence behind the story. When his methods fail to secure the two youngsters, who live with their young and struggling uncle in a Greenwich Village tenement, his daughter decides to do the job herself, without regard to ethics.

Mrs. Hopkins, as the "Wise Girl," is said to combine her dramatic and comedy talents for one of the most effective roles of her career. And Ray Milland, fast winning popularity, is considered an ideal selection for the role of the independent and defiant artist.

Along with its romantic theme, its abundant humor and its heart interest, the picture presents a side of Greenwich Village life that is seldom revealed on the screen. The "Village" has its sincere brush and pen wielders, who eventually rise to prominence, and this aspect is faithfully shown in the film, with Milland, Walter Abel and Gail Patrick as three such unknown but genuinely talented aspirants.

Two young girls who have never before been seen on the screen also have prominent roles in the offering. Betty Phillips, a youngster from the New York stage, and Marianna Strelby, a twelve-year-old

Hollywood amateur, are cast as the two children about whose custody the action revolves.

Henry Stephenson, Alec Craig, D'Arcy Corrigan and other well-known players are in "Wise Girl." Edward Kaufman produced the picture, which was directed by Leigh Jason, and Alan Ross wrote the screen play from the original story by Charles Norman and himself.

**HOUSE MICE TRAINED**  
 El Paso, Tex., Feb. 19.—(UP)—How to rid the home of mice is no problem to H. L. Zollar. He trains them and sells them as pets. The gray mouse, the common house variety, is much superior in intelligence than the white mouse and makes a much better pet, Zollar says.

**LATE SPRING FORECAST**  
 Ukiah, Cal., Feb. 19.—(UP)—The steelhead fish is to California what the groundhog is to Ohio when it comes to weather predicting. The manner in which the steelheads are running indicates a late spring with several weeks of stormy weather preceding, according to those who know steelheads.
